*Smoke & Brown lens carriers for ZT200 & ZT400 are recommended for Rx orders with tinted, photochromic or polarized lenses.

All Standard side shields are removable but can be ordered as permanently attached.

Rx limitation range = combined sphere + cylinder power.

All Rx orders come with a cleaning cloth & frame case/pouch.

*Gray tinted side shields are recommended for Rx orders with tinted, polarized or photochromic lenses.

See the [SafeVision Lens & Frame Parameter Guide](#) for additional details.

All Rx orders with an Anti-Fog lens coating will also include a 15ml bottle of Anti-Fog rejuvenator.
